44. Defendants' infringement has caused and will continue to cause Katz Technology Licensing irreparable harm unless enjoined by this Court. Katz Technology Licensing has no adequate remedy at law.

**PRAYER FOR RELIEF**

WHEREFORE, Ronald A. Katz Technology Licensing, L.P., respectfully requests that this Court enter judgment in its favor and against the defendants and grant the following relief:

1. Adjudge that Defendants have been and are infringing one or more claims of the patents identified in Paragraph 40 of this Complaint by offering the Accused Services;

2. Adjudge that Defendants' infringement has been and is willful;

3. Enter an order, pursuant to 35 U.S.C. § 283, temporarily, preliminarily, and permanently enjoining Defendants, and all persons in active concert or participation with them, from any further acts of infringement, contributory infringement, or inducement of infringement of the '120, '252, '734 and '984 Patents;

4. Order an accounting for damages resulting from Defendants' infringement of the patents identified in Paragraph 40 of this Complaint;

5. Enter an order, pursuant to 35 U.S.C. § 284, awarding to Katz Technology Licensing damages adequate to compensate Katz Technology Licensing for Defendants' infringement, but in no event less than a reasonable royalty, together with pre-judgment and post-judgment interest;

6. Enter an order, pursuant to 35 U.S.C. § 284, and based on Defendants' willful infringement, trebling all damages awarded to Katz Technology Licensing and against Defendants;

7. Enter an order, pursuant to 35 U.S.C. § 285, finding that this is an exceptional case and awarding to Katz Technology Licensing its reasonable attorneys' fees incurred in this action; and

8. Award such other relief as the Court may deem appropriate and just under the circumstances.

**DEMAND FOR JURY TRIAL**

Pursuant to Fed. R. Civ. R. 38(b), Plaintiff hereby demands a trial by jury of all issues so triable.

Civil Action No. \_\_\_\_\_

**COMPLAINT FOR PATENT INFRINGEMENT AND DEMAND FOR JURY TRIAL**

Plaintiff Ronald A. Katz Technology Licensing, L.P. ("Katz Technology Licensing") states as follows for its complaint against Old National Bancorp and Old National Bank (together "Defendants"):

**THE PARTIES**

1. Plaintiff Katz Technology Licensing is a California limited partnership with its principal place of business at 9220 Sunset Boulevard, Suite 315, Los Angeles, California 90069.

2. On information and belief, Defendant Old National Bancorp is an Indiana corporation with its principal place of business at 1 Main Street, Evansville, Indiana 47708.

3. On information and belief, Defendant Old National Bank is: (a) a national bank with its principal place of business at 1 Main Street, Evansville, Indiana 47708; and (b) a subsidiary of Old National Bancorp.

**JURISDICTION AND VENUE**

4. This is an action arising under the patent laws of the United States, 35 U.S.C. sections 101 *et seq.* This Court has subject matter jurisdiction over this action under 28 U.S.C. sections 1331 and 1338(a).

5. Defendants are subject to this Court's personal jurisdiction because, on information and belief, (1) they are Indiana corporations and/or have designated a registered agent in this district; (2) they do substantial business in this district; (3) they operate infringing automated call processing systems that are available to their customers, including customers in this district; and/or (4) they regularly solicit business from, do business with, and derive revenue from goods and services provided to, customers in this district.

6. Venue is proper in this judicial district under 28 U.S.C. sections 1391(c) and 1400(b) because Defendants are organized, reside, have designated a registered agent in, and/or engage in significant business activities in this district as set forth in Paragraph 5 above.

**BACKGROUND**

7. Ronald A. Katz ("Mr. Katz"), founder of Katz Technology Licensing, is the sole inventor of each of the patents-in-suit. Mr. Katz has been widely recognized as one of the most prolific and successful inventors of our time, and his inventions over the last forty-plus years have been utilized by literally millions of people.

8. In 1961, Mr. Katz co-founded Telecredit Inc. ("Telecredit"), the first company to provide online, real-time credit authorization, allowing merchants to verify checks over the telephone. Further innovations from Telecredit include the first online, real-time, point-of-sale credit verification terminal, which enabled merchants to verify checks without requiring the assistance of a live operator, and the first device that used and updated magnetically-encoded cards in automated teller machines.

Multiple patents issued from these innovations, including patents co-invented by Mr. Katz.

9. Telecredit was eventually acquired by Equifax, and has now been spun off as Certegy, a public company traded on the New York Stock Exchange. Certegy continues to provide services in the credit and check verification field established by Mr. Katz and Telecredit.

10. Mr. Katz's inventions have not been limited to telephonic check verification. Indeed, Mr. Katz is responsible for advancements in many fields of technology. Among his most prominent and well-known innovations are those in the field of interactive call processing. Mr. Katz's inventions in that field are directed to the integration of telephonic systems with computer databases and live operator call centers to provide interactive call processing services.

11. The first of Mr. Katz's interactive call processing patents issued on December 20, 1988. More than fifty U.S. patents have issued to Mr. Katz for his inventions in the interactive call-processing field, including each of the patents-in-suit.

12. In 1988, Mr. Katz partnered with American Express to establish FDR Interactive Technologies, later renamed Call Interactive, to provide interactive call processing services based on Mr. Katz's inventions. The American Express business unit involved in this joint venture later became known as First Data.

13. Early clients of Call Interactive included *The New York Times*, ABC's *Monday Night Football*, KABC Radio, CBS News, and Beatrice Foods (Hunt-Wesson division).

14. Many of these clients utilized Call Interactive technology for high-profile events. For example, CBS News hired Call Interactive to operate an interactive, real-time telephone poll to gauge viewer reaction to President George H.W. Bush's 1992 State of the Union address.

15. Mr. Katz sold his interest in Call Interactive to American Express in 1989 but continued to provide advisory services to Call Interactive until 1992. American Express later spun off the First Data business unit into a separate corporation, and with that new entity went Mr. Katz's interactive call processing patents and the Call Interactive call processing business. The former Call Interactive, now known as First Data Voice Services, continues to provide call processing solutions today.

16. In 1994, Mr. Katz formed Katz Technology Licensing, which acquired the rights to the entire interactive call processing patent portfolio, including the rights to each of the patents-in-suit, from First Data, the owner of all of the Katz interactive call processing patents at that time.

17. The marketplace has clearly recognized the value of Mr. Katz's inventions. Indeed, over one hundred fifty companies have licensed the patents-in-suit. Licensees include IBM, Hewlett-Packard, Bank of America, JPMorgan Chase, Wells Fargo, HSBC, Verizon, Sprint, Microsoft, Delta Airlines, Merck, Sears, Citibank, and the Home Shopping Network. These licensees and others acknowledge the applicability of the patents-in-suit to multiple fields of use, including but not limited to financial services call processing, automated securities transactions, automated credit card authorization services, automated wireless telecommunication services and support, automated health care services, and product and service support.

18. Each of the defendants employs the inventions of certain of the patents-in-suit. Katz Technology Licensing, through its licensing arm A2D, L.P., has repeatedly attempted to engage each defendant in licensing negotiations, but to date, none of the defendants has agreed to take a license to any of the patents-in-suit.

**CLAIM FOR PATENT INFRINGEMENT**

37. Katz Technology Licensing realleges and incorporates by reference Paragraphs 1-36 of this Complaint as if fully set forth herein.

38. Defendants provide banking and financial services and other services to customers in Indiana and other states.

39. On information and belief, Defendants use infringing call processing systems to offer automated banking and other financial services to their customers. Using an automated system, in some instances in connection with operators, Defendants allow their customers to access information about their accounts, transfer funds between accounts, report a lost or stolen check or ATM card, order checks and perform various other functions.

40. Katz Technology Licensing is the sole holder of the entire right, title, and interest in the '021, '065, '120, '134, '135, '150, '156, '223, '252, '285, '309, '551, '707, '734, '863, '893, '968 and '984 Patents.

41. On information and belief, in their automated customer service operations described in Paragraph 39 (collectively, the "Accused Services"), Defendants have been and are now infringing, actively inducing the infringement of, or contributing to the infringement of one or more claims of the patents identified in Paragraph 40 of this Complaint by making, using, offering to sell, or selling the Accused Services.

42. On information and belief, Defendants continue to infringe, actively induce the infringement of, and contribute to the infringement of one or more claims of the '120, '252, '734 and '984 Patents by making, using, offering to sell, or selling the Accused Services.

43. Defendants' infringement of the patents identified in Paragraph 40 of this Complaint has been and is willful.
